EVENT REPORT

Name of the Event:	Alumni Interaction on “Career in Core Mechanical Engineering”	
Date: 11 th May 2023	No. of Participants: 20	

The Department of Mechanical Engineering at Maharaja Agrasen Institute of Technology (MAIT) organized a face-to-face alumni interaction session on May 11, 2023 (Thursday), featuring Mr. Navneet Bansal, an esteemed alumnus from the 2014 batch. The session provided a valuable platform for students to gain industry insights and career guidance in core mechanical engineering sectors. Mr. Bansal, with his extensive experience in leading conglomerates such as Jay Bharat Maruti, Technico Industries Ltd., and Samsung Electronics, shared his professional journey and key learnings from working in manufacturing, automotive, and industrial engineering domains. He emphasized the importance of design and production engineering, quality control, supply chain management, and automation in modern industries.

Throughout the session, he provided practical insights into corporate expectations, detailing the skills and competencies required for securing placements in core mechanical engineering companies. He highlighted the significance of technical proficiency in CAD/CAM software, problem-solving abilities, teamwork, and adaptability in today’s competitive job market. Additionally, Mr. Bansal discussed the latest industry trends, including advancements in automation, smart manufacturing, and lean production techniques, encouraging students to stay updated with emerging technologies.

The session was highly interactive, allowing students to engage with Mr. Bansal through a Q&A discussion, where he addressed queries regarding career paths, interview preparation, and industry-specific challenges. His guidance served as a profound source of motivation for students aspiring to secure placements in core mechanical and manufacturing sectors.
