

EVENT REPORT

Name of the Activity:	Skybound: The Aerostars Showcase 2024	
Resource Person/Organisation:	Team Aerostars	
Date: 14th August 2024	No. of Participants: 100+	

On 14th August 2024, Team Aerostars under Dept. of ME showcased its past work and achievements along with other societies of MAIT. Multiple drones were put out to exhibit along with continuous crowd interaction, which attracted students from different branches as well as their parents to the table.

A Live Drone Flying Simulator was installed which served as the major attraction and gave the students a hands-on experience of flying FPV Drones. “Super Cool”, “Thrilling”, “Fantastic”, “Fascinating”: these are just some of the words that we noticed amongst the reviews that we received from the visitors, showing the impression we made on our audience. Cygnus, one of our most reliable drones, performed aerial stunts multiple times which gathered a ton of attention.

In the 4-hour event, more than 250 students were attracted towards the exhibit, out of which approximately 150 students expressed interest in joining the society.

Under the mentorship of Dr. Kanchan Mudgil, the following students from the team came together to make this event a success:
